# Meltingpot Ellips

ALL VARIANTS - INSTALLATION INSTRUCTIONS

## OVERVIEW

- ① Bolts (7x)
- ② Tabletop
- ③ Leg

## TOOLS & HARDWARE

(Items below are not included)

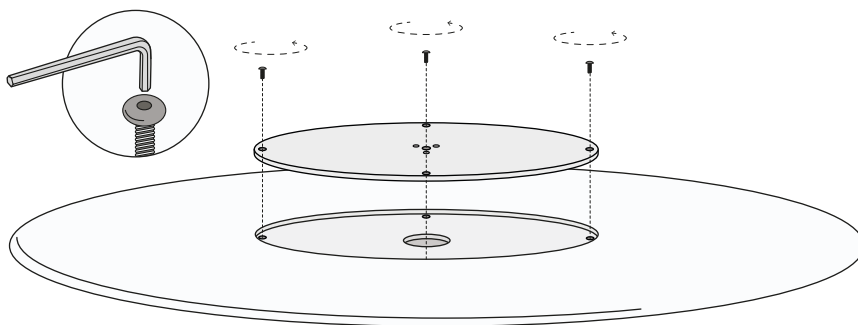

#6 Hex key

We recommend having two people assemble the table to hold the parts in place during assembly.

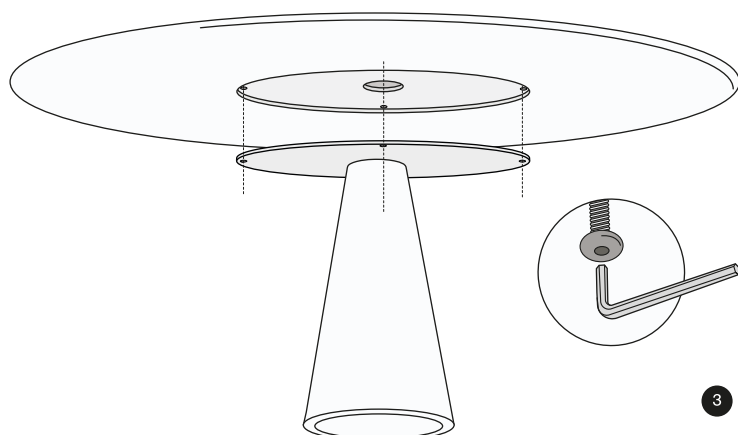

## 1 REMOVE THE MOUNTING PLATE

The mounting plate is pre-attached to the tabletop (2) for safe transport. Remove it using a hex key by unscrewing the four bolts (1).

## 2 SECURE THE PLATE TO THE LEG

Secure the mounting plate to the leg (3) using a hex key and the three supplied bolts (1). Tighten all bolts firmly.

## 3 PLACE THE TABLE TOP

Now carefully place the tabletop (2) on the leg (3) and secure the mounting plate to the top using a hex key and the 4 supplied bolts (1).
