	The Row is robot-printed from 100% recycled synthetics. Variations in colour, distribution, and texture —including vertical lines that resemble cuts —are natural and signal the unique origin of each piece. For optimal cohesion, all units in the same colour should be ordered together.	
CARE	The Row is not suitable for outdoor use. Regular dusting is recommended. Avoid contact between the plastic and acetone or other chemical cleaners. Deep cleaning with a pressure washer is safe.	
WARRANTY	Kooij products include a limited warranty — see kooij.com/warranty .
